

Timothy David Glotch
Department of Geosciences
Stony Brook University
<http://aram.ess.sunysb.edu/tglotch/>

Education

Ph.D., 2004: Geological Sciences, Arizona State University
B.A., 1999: Astrogeophysics, Colgate University

Employment

2007-present:	Assistant Professor, Stony Brook University
2006-2007:	Caltech Postdoctoral Scholar at JPL
2005-2006:	Postdoctoral Scholar, California Institute of Technology
2004-2005:	Postdoctoral Research Associate, Arizona State University
2001-2004:	Graduate Research Assistant, Arizona State University
1999-2001:	Graduate Teaching Assistant, Arizona State University

Courses Taught

GEO 102: The Earth
GEO 106: Planetary Geology
GEO 330/530: Geology of Mars
GEO 604: Geology of the Moon
GEO 604: Mineralogy and Geochemistry of Mars
GEO 607: Geology of Saturn's Moons

Advising

Ms. Congcong Che (current), Ph.D. student
Ms. Hedi Jensen (current), M.S. student
Ms. Jessica Arnold (current), Ph.D. student
Ms. Lonia Friedlander (current), Ph.D. student
Ms. Elizabeth Sklute (current), Ph.D. student

1 M.S. and 3 Ph.D. defense committees
7 Ph.D. candidacy exam committees

Honors and Awards

2004: NASA Group Achievement Award for Mars Exploration Rovers
2003: NASA Group Achievement Award for 2001 Odyssey THEMIS
2001-2004: NASA Graduate Student Researcher Program Fellow
1999: Founders Award, Colgate University Department of Physics and Astronomy

Professional Service

External reviewer for NSF EAR Petrology and Geochemistry program
External reviewer for NASA MDAP, MFRP, and NLSI programs
NASA MFRP, MDAP, PIDDP, MIDP, SALMON, LASER, and Participating Scientist review panels

Reviewer for journals *JGR-Planets*, *Icarus*, *Geology*, *American Mineralogist*, *Earth and Planetary Science Letters*, *Meteoritics and Planetary Science*, *Spectroscopy Letters*
1999-Present: Numerous public outreach and education presentations

Professional Membership

American Geophysical Union
Geological Society of America
Mineralogical Society of America
Clay Minerals Society

Invited Talks:

University of Toronto—October, 2010
American Museum of Natural History—April 2009
Stony Brook University—March, 2007; February 2008
Dartmouth College—February, 2007
Brown University—April, 2006
Colgate University—September, 2005

Book Chapters

- [3]Bell, J. F. III, **T. D. Glotch**, V. Hamilton, T. McConnochie, A. McEwen, and P. Christensen (2008), Visible to Near-IR Multispectral Orbital Observations of Mars, In: J. F. Bell, III (Ed.) *The Martian Surface: Composition, Mineralogy, and Physical Properties*, 636 pp., Cambridge University Press, Cambridge.
- [2]Christensen, P. R., J. L. Bandfield, D. Rogers, **T. D. Glotch**, V. E. Hamilton, M. B. Wyatt, and R. Clark (2008), Global Mineralogy Mapped from the Mars Global Surveyor Thermal Emission Spectrometer, In: J. F. Bell, III (Ed.) *The Martian Surface: Composition, Mineralogy, and Physical Properties*, 636 pp., Cambridge University Press, Cambridge.
- [1]Ruff, S. W., P. R. Christensen, **T. D. Glotch**, D. L. Blaney, J. E. Moersch, and M. B. Wyatt (2008), The Mineralogy of Gusev Crater and Meridiani Planum Derived from the Miniature Thermal Emission Spectrometers on the Spirit and Opportunity Rovers, In: J. F. Bell, III (Ed.) *The Martian Surface: Composition, Mineralogy, and Physical Properties*, 636 pp., Cambridge University Press, Cambridge.

Publications (including in prep) * denotes student author

- [41]**Glotch, T. D.**, B. T. Greenhagen, J. L. Bandfield, and D. A. Paige (2011) Observations of lunar swirls by the Diviner Lunar Radiometer Experiment: Evidence for formation by solar wind standoff due to magnetic fields, *Icarus*, manuscript in preparation.
